The five bright multifunctional spaces – all with natural light – can be used separately or set up as a grand ballroom, however you need them. Meeting room capacities range from 5 people in our boardroom, up to 500 people with the Europe Room and the Foyer set up for a reception.

Personal Service

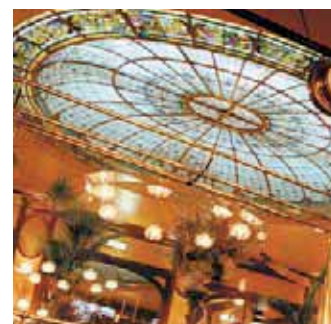

We offer more than just well-appointed meeting rooms. The basic principle of our service is that we help you arrange your stay in your way rather than forcing you into a fixed, off-the-peg pattern. That means that our staff are always looking for

what you find important and what will determine the success of your event.

ENJOY AUTHENTIC FRENCH GOURMET CUISINE

At **Holiday Inn Eindhoven** you can enjoy gourmet food at Brasserie FLO. **Brasserie FLO Eindhoven** is an outstanding venue for food lovers and French cuisine enthusiasts.

Our seasonal menu is inspired by traditional French cuisine and preparation methods. Alongside the creations of our own chef, our menu features timeless classics like steak tartare, bouillabaisse, lobster thermidor, tournedos Rossini and crème brûlée. This menu and the outstanding service ensure a perfect French evening.

French ambiance

The speciality of **Brasserie FLO Eindhoven** is our fruits de mer. A wide selection of shellfish is set out right by the entrance on the ice-cooled fruits de mer buffet. But it's not just the food that creates the French atmosphere. Also the Art Deco inspired interior, the cheerful and dynamic

service and the smells from the open kitchen will make you feel as though are in France.

Private dining

If you want to dine in a private group, then the rooms of the Holiday Inn will do the job perfectly. We will fit up the banquet room to suit your needs and provide made-to-measure menus and buffets. We can use Brasserie FLO's traditional cuisine as a starting point. ■
